

ABOUT US

Cuber Logistics is a new-fangled SCM company created with the express intention of creating a new benchmark in customer service.

As a company that understands your compelling needs, Cuber aims to guide you towards cost optimization by minimizing challenges.

WHAT IS CUBER ALL ABOUT?

A progressive CUBER established by a team of dedicated professionals that have a dream – that of providing leading edge logistics solutions Internationally. From supply chain management, project coordination and cargo planning to insurance procurement and on-site staff, CUBER LOGISTICS has been promoted to provide world – class, hand-crafted logistics services to all its customers

Every time you ship internationally, you'll need to take a few additional steps to prepare your shipment for the customs clearance process. Customs, the government service responsible for administering international trade laws, inspects and regulates every shipment to make sure the contents comply with the importing country or territory's regulations. CUBER offers service in getting you ready for every step of the customs clearance process.
